

Adopt a Room

In one moment, you can make a difference in the life of a child

CALM's Santa Maria office is moving to a larger space to accommodate our growth and serve more children. In order to make our new office a safe place to heal and grow, the therapy rooms need to be filled with games, books, and therapeutic toys. Four therapy rooms and a special room for our "Parent Child Interaction Therapy" at our new office are looking for items to help heal the children of our community.

- ___ Yes, I would like to name a room
- ___ \$10,000 to name a therapy room
