

## **CO-CHAIRS ORGANIZE CALM DESIGN HOME EVENT**

Susan Day Hosea and Meredith Scott are this year's co-chairs for the CALM Design Home event. Hosea is a member of CALM's board of directors and has been with the organization for over four years. Scott is the current vice president of CALM, but has been involved for 11 years, as president for two years and a member of the board of directors for three years.

This is the 20th design home event, this year featuring a 1922 George Washington Smith House. The opening night gala on Sept. 2 will begin a month of special events and tours. Santa Barbara-based CALM prevents, assesses and treats child abuse by providing services for children, adults and families.
